<b>LIMITS OF LIABILITY</b>					
<p>Payment of the nonrefundable Evaluation Fee above and signing of this Intake Form authorizes Data Recovery Room, Inc., to evaluate your source media for the purposes of Data Recovery potential. After the evaluation we will provide you with a list of files that appear to be recoverable, along with a firm price for the actual recovery. The actual Data Recovery will not commence until you sign a separate Data Recovery Authorization form. Data Recovery from malfunctioning media is a delicate procedure that requires a great deal of time and expertise. Although every effort is made to recover all data, there are some conditions where physical media damage prevents some or all of the data from being recovered. Therefore, Data Recovery is offered on a "best efforts" basis only. We regret that we are unable to guarantee the recovery of specific application, program, or data files. In addition, Data Recovery Room, Inc., makes no guarantee in any way of the suitability of the recovered data for any purposes whatsoever, including forensics, litigation, or any other type of civil or criminal investigation or proceeding, nor guarantee of bootable, operational, or manufacturer's in-warranty status of the drive. If your data cannot be recovered, you will be notified as soon as possible and will only be charged the nominal Evaluation Fee (and any charges for other services that may apply.)</p>
